ANYTHING!
FROM BASIC AIR CONDITIONING
TO THE MOST COMPLEX
CUSTOMIZED HVAC SOLUTIONS

PIONEER & LARGEST MANUFACTURER OF HVAC PRODUCTS

Creating a Brand NEW
CULTURE of INNOVATION

1st time in **PAKISTAN**

- Commercial DC-Inverter Systems (up to 42 Ton)
- DC Inverter ACs(1.5 to 8.5 Ton)
- Plug Fans (SPF)
- Screw Chillers Technology
- Desiccant Based Dehumidification Systems

Commercial DC-Inverter Systems (up to 42 Ton)

- ASC DC Inverter Models
- ASU DC Inverter Models
- AWC DC Inverter Models
- WWC DC Inverter Models
- WCP DC Inverter Models
- AHU DC Inverter Models

IN THIS ISSUE

CREATING A BRAND NEW CULTURE OF INNOVATION

Product-Line
with DC INVERTER
Technology

Product-Line
with Screw Compressor
Technology

Plug Fans(SPF)
DESICCANT BASED
Dehumidification Systems

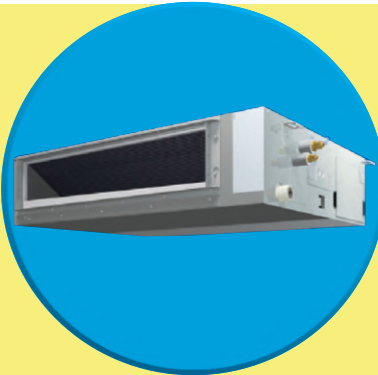

Where Comfort Meets Innovation

OUR DC INVERTER RANGE (1.5 Ton to 8.5 Ton)

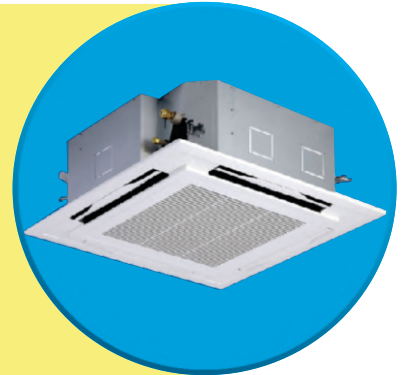

Sabro DC Inverter Range uses cutting-edge air conditioning technology to provide efficient and precise temperature control that leads to increased cost savings.

Wall Mounted Model
1.5 Ton- 2 Ton

Ducted Concealed Unit
1.5 Ton- 2 Ton- 4 Ton

Cassette Type Unit
2 Ton- 4.25 Ton

Floor Standing Unit
4.25 Ton

Outdoor Unit
1.5 Ton- 8.5 Ton

Floor Standing Unit
8.5 Ton

Energy Efficient

Aesthetic Design

Quiet Operation

Screw Chillers Technology

Air cooled Screw Chiller
(36 RT - 483 RT)

Water cooled Screw Chiller
(63 RT - 500 RT)

Sabro technologies is a wholly owned subsidiary of Sabro group Pvt., Ltd., specializing in research, development and manufacturing of screw type products. The company sells water cooled screw chillers with optimum COP&EER(High Energy Efficiency Ratio).

The water cooled screw chillers/ water source heat pumps have the features of high reliability, and high automation.

Retrospect: A Look Back at Last 03 Years

Desiccant Dehumidification Systems

Process Air: 100 - 2000

Sabro technologies is a wholly owned subsidiary of Sabro group Pvt., Ltd., specializing in research, development and manufacturing of Desiccant type Dehumidifiers. The company sells desiccant dehumidifiers with optimum effect(RELATIVE HUMIDITY) as per specific requirement at installation space.

Adhering to the principle of integrity, innovation and excellence, the company constantly creates new products every year according to the market demands. Sabro-make Desiccant dehumidifiers have the features of high energy efficiency ratio, high reliability, high efficiency, and high automation etc., which continues to lead the domestic/commercial refrigeration energy industry, opening a new era of high efficiency desiccant type of products.

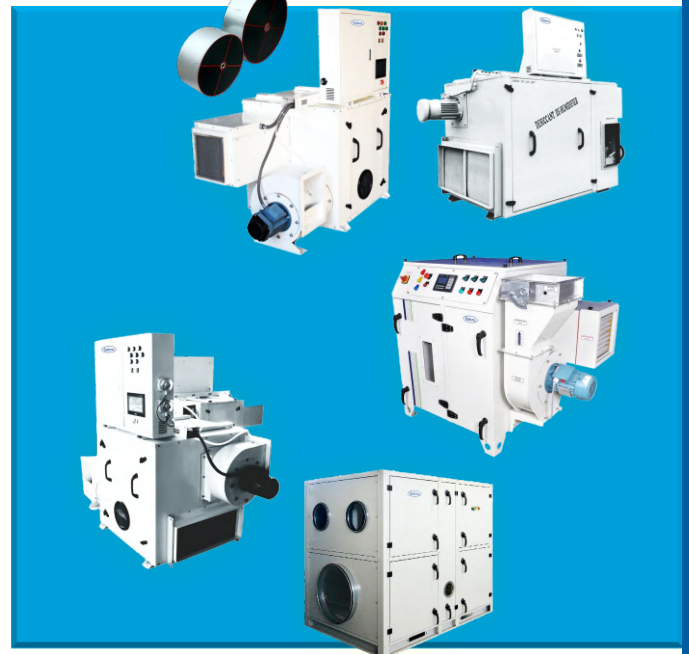

Custom Make Available
Up to 12000 of Process Air

Plug Fans

Standard:
295 - 41200 CFM
UP to 1000mm Ø

Custom Make Available

TOP 77 CATEGORIES of HVAC Products

TEMPERATURE control

CO₂ free environs

HUMIDITY control

AIR VELOCITY control
